

project name	Master Plan Ufa City / Belaya Banks		
owner	Trust 3, Ufa (Russian Federation)		
prime consultant	Albert Speer & Partner, Frankfurt (Germany)		
location	Ufa (Russian Federation)		
project duration	begin	july 2008	
	end	spring 2009	

Ufa, the Capital of Russian province Bashkortostan, has approximately 1.1 Mio inhabitants. The city is located on a rock basement surrounded by a major sinuosity of the Belaya river, ranging between 50 and 100 m above the river.

It is planned to develop new residential and commercial areas on this embankment and to upgrade the adjacent urban areas and to develop a new city area on the opposite river banks. The geospatial master plan includes water supply, wastewater, stormwater, power, gas and district heating components.

geospatial design model © as&p
